

TEUTONS PLAN BIG CAMPAIGN TO COPE WITH THE SITUATION

Public of Allied Countries Is Speculating What Germany Will Do in Order to Intercept Allies Movements.

WILHELM HOLDING WAR COUNCIL SAYS REPORT

English Cabinet Considers Liquor Question; It Is Not Expected That Most Drastic Regulations Be Made

LONDON, Mar. 29.—Germany's next move in the military field—because some stroke either in the east or the west is expected before the Allies attempt their spring advance—present the chief subject of speculation and conjecture. According to reports from Petrograd, the German Emperor is now in Berlin holding a war council with Field Marshal von deroltz, the German military commander at Constantinople and other leaders. They are planning a new campaign to offset the fall of Przemysl and to meet the situation in the Dardanelles. There is nothing of an understanding nature in either theatre of land operations since the surrender of the Russian fortress. Shipping, mining and bomb throwing predominated along the western front while fighting, fierce but inconclusive, is going on in the Carpathians.

The British cabinet met, and there is every reason to believe it considered the liquor question and the stamping out of the evil which is now one of the great problems of the nation. There is still much talk of prohibition but it is not generally believed this course will be adopted, although it is conceded some step of a drastic and universal character will soon be taken.

The return of Ex-premier Venizelos to Athens after a short rest, the Omnipotent reception accorded him and his restoration of the declaration that Greece must join in the conflict on the side of the Allies, have combined to start up predictions as to when the group of neutral states, which have been wavering so long, will take up arms. But materials upon which the predictions are based are of the scantiest.

The inquest at Millfordhaven in the matter of the sinking of the steamer Falaba, established the official list at 111. Witnesses, under oath, testified to what previously had been charged, that the submarine fired before sufficient time had elapsed for the renewal of passage. Walter Hatter, the chief officer of the Falaba, contributed an odd statement that the submarine crew dressed in khaki. He also swore the submarine, when first sighted, bore an English ensign, which was replaced by the German ensign prior to the attack.

DARDANELLES NEWS

DARDANELLES (Delayed), Mar. 30.—After having remained almost totally inactive since March 18, vessels of the allies fleet, Sunday, developed a slight activity near the entrance to the Dardanelles, bombarding lightly what appears to be an extended infantry position. Since the 18th the Allies have not made any sort of an attack on the town of Gallipoli, limiting their operations to weak attempts to fish for Turkish mines. Meanwhile weather conditions for a bombardment have been of the best.

There has been a quiet sea and a clear atmosphere all along. Every allied vessel, at night, has been fired on by alert Turkish troops, and the result invariably has been a quick withdrawal. Apparently no serious attempt to sweep mines from the Dardanelles has been made by the Allies since March 15.

Interest by the Allies in the Dardanelles defense works has not been lacking, however, every day an allied aviator takes a spin over the outer end of the water way. Belief is expressed here in the resumption of the bombardment has been delayed because, in addition to the ships sunk March 18, most of the other vessels

SUCCESS CROWNS EFFORTS OF THIS YOUNG NOVELIST

Miss Alice Gerstenberg.

One of the youthful and extremely promising novelists and dramatists is Miss Alice Gerstenberg. After spending three years at Bryn Mawr college, she decided that she wanted some "real work," as she sincerely put it, and launched into the literary field. As an author Miss Gerstenberg is not unknown to the American public, her "Unquenched Fire," published several years ago, having made a very favorable impression. Her latest book, "The Conscience of Sarah Platt," a novel with a strong feminist theme, has just been published.

DISBARMENT IS SOUGHT IN THE CAPITAL CITY

Petition Made to Superior Court of Maricopa County for the Disbarment of Attorney Fred C. Struckmeyer

PHOENIX, Mar. 30.—Seeking the disbarment, forever, from the courts of Arizona of Attorney F. C. Struckmeyer, of Phoenix, papers were filed today in the Superior Court by Frederick C. Bolin, of Phoenix. The action grows out of an alleged effort on the part of Struckmeyer to collect an exorbitant fee from Katherine Bolin, one of the heirs of D. J. Bolin, former fire chief of Tucson, who died four or five years ago from injuries received as a fire in Tucson.

In his petition for the disbarment of Struckmeyer, Frederick Bolin alleged that the Phoenix attorney entered into an agreement with him to represent the heirs of the estate in proceedings instituted shortly after the death of Bolin. For this service, according to the petitioner, Struckmeyer was to receive a fee of \$250. In the event that Judge Owen and T. Rouse, of Tucson, should file an action against the estate, Struckmeyer under the terms of the agreement, was to receive a further fee of \$100.

Acting for the heirs, Struckmeyer is alleged to have become possessed of a check for \$1094.55. Thereupon having withheld from Katherine Bolin any knowledge of the agreement with Frederick Bolin, who held power of attorney for the heirs, Struckmeyer is alleged in the petition to have made a demand for a large fee.

Katherine Bolin was then in Canada and consulted a Canadian attorney who advised her that the fee demanded was excessive. At first she refused to pay the fee, whereupon it is charged, Struckmeyer notified Katherine Bolin that the failure to pay the fee demanded would result in the holding of the check.

BANK LOOTER LOCATED

CHANDLER, Okla., Mar. 30.—Sheriff Wilder says he has located the five robbers who looted two banks in Stroud Saturday. The robbers are in the Omege hills fourteen miles from Stroud, and are completely surrounded. The sheriff is planning to close in and expects a battle.

CONDITION ON BORDER VERY ACUTE IS SAID

United States Cavalry Snapped Back into Service Along Arizona Border; Washington Says Naco Is Disturbed.

SITUATION COMMANDED BY GENERAL FUNSTON

Mining Men of Mexico Protest Orders of Both Carranza and Villa, Which Are Considered Prohibitive.

WASHINGTON, March 30.—Nine troops of U. S. Cavalry, besides minor detachments, were snapped back into active service along the Mexican-Arizona border. Despite the recent agreement, made by the warring Mexican factions with British-American South American nations, Villa troops and Carranza detachments are trying to reach Agua Prieta, opposite Douglas, from the interior.

Twelve guns of the first field artillery, on duty at Brownsville, reached the only other immediate point in the effort of Villa to take Matamoros directly across the Rio Grande from Brownsville.

Brigadier General Funston, who commanded the recent occupation of Vera Cruz, is handling the situation at Brownsville, with plenty of troops from Texas City. It is said that officials here said his instructions were "similar" to those issued to commanders at Naco last December, regarding the protection of Americans from shots fired across the line. The text of his instructions were not given out. Some 250 miles in the river in Nuevo Laredo, defended by Carranza forces, opposite the American town of Laredo, Villa troops are on the way to attack it and are reported as far as Lampasque, which is some 70 miles to the southwest, on the National Railroad of Mexico. A battle is expected there.

ON YUCATAN CONDITIONS

MOBILE, Ala., March 30.—Conditions are worse today in Yucatan than at any time during the four years of revolution in Mexico, according to F. W. Black, of Merida, general manager of the United Railways of Yucatan, who with his family arrived in Mobile last night from Progreso.

The Carranza government commanded the United Railways Black said: "The independent movement in Yucatan, which started in February, is no wound to the nation around Campeche, while Carranza controls both Progreso, the seaport, and Merida, the capital. Hundreds of men have left the country, believing Carranza will punish them for opposing his administration of the state."

RESENT MINING LAWS.

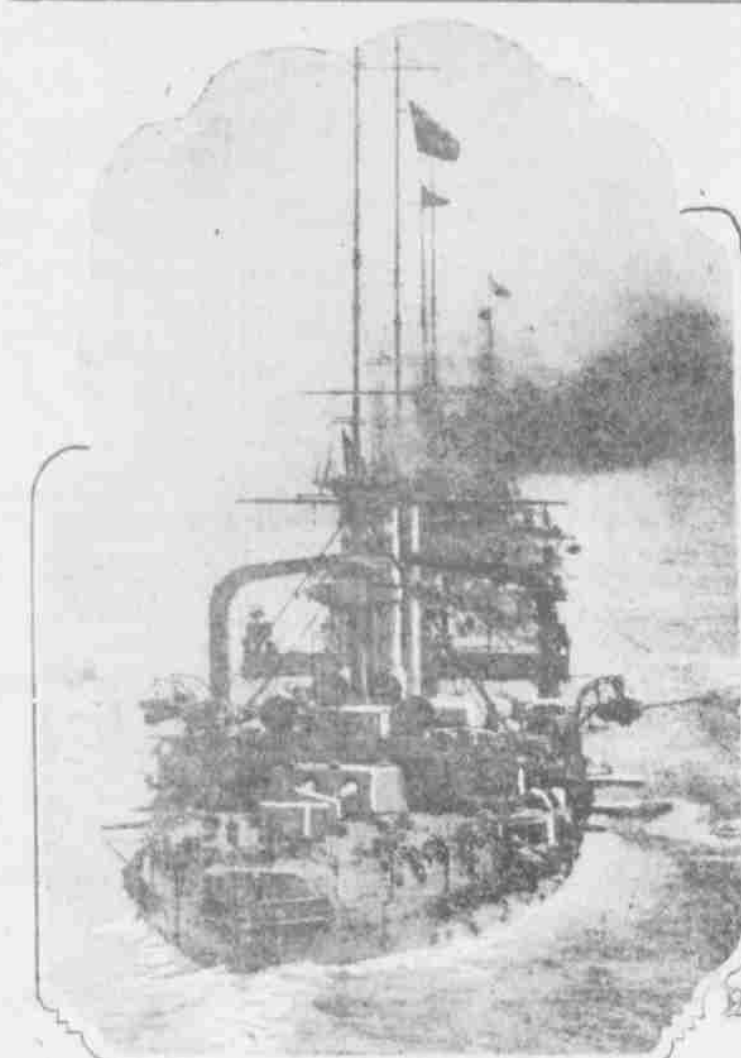

EL PASO, March 30.—Fifteen American mining men, representing foreign corporations in northern Mexico, at a meeting, decided to protest the amendments to the Mexican federal mining law by the Villa convention government, which they consider prohibitive. According to the law, effective April 1, all mining property not being actually operated, can be conditions that miners consider impossible to fulfill.

MORE COMPLAINT

DOUGLAS, March 30.—Mining men are preparing to protest to General Carranza against the decree increasing the taxes on mineral lands in Mexico and raising the export duties on bullion. A copy of the decree today shows that bullion tax has been more than trebled and the taxes on mines graduated so that the greater the man's holdings are, the more he pays per acre. Owners of 25 acres, for instance, pay \$12 gold per acre, as taxes, while owners of 50 acres pay \$24 per acre.

PLANS FOR ERECTION OF \$75,000 BUILDING ON O. K. BLOCK SITE ASSURE MAMMOTH THEATRE

KNOCKERS AT THE SULTAN'S GATE: SHIPS ENGAGED IN THE DARDANELLES ACTION

British warships in the Dardanelles—the Triumph in the foreground.

The British battleship Triumph, which is here seen in the foreground, is one of the vessels of the great Anglo-French fleet which is now seeking to force the Dardanelles. The Triumph was completed in 1904, has a complement of 700 men, a displacement of 11,800 tons, and her largest guns are ten-inch.

EFFORTS STAND AGREEMENT TO TO RAISE F-A EXPORT COPPER FROM THE SEA FOR NEUTRALS

Another Hawser Breaks and Efforts Temporarily Suspended. Daniels Says Efforts Were Well Directed.

WASHINGTON, Mar. 30.—All efforts to raise the sunken F-A in Honolulu harbor were temporarily suspended after the hawser with which the boat was being dragged ashore, snapped. Rear Admiral Moore reported from Honolulu that the submarine was evidently waterlogged and too heavy to be raised by the equipment employed by the searching fleet. This destroyed any faint hope that might have been left of finding any of the crew of twenty alive. Daniels said tonight the Department would raise the submarine at any cost to determine the cause of the accident in order to guard against similar disasters in the future. He emphatically denied reports of dissatisfaction over the rescue efforts.

"Nothing could be further from the truth. The Department is convinced everything possible is being done with the means at hand. Honolulu, being an isolated station, is not nearly as well equipped for salvage purposes as some of the naval stations on the mainland, but there is every indication the officers and men at Honolulu indefatigably are working night and day with every means in their power to raise the sunken submarine and rescue their shipmates."

"Should Admiral Moore, commander of the station, and Lieut. Smith, commander of the submarine division, fail to raise the submarine through lack of necessary appliances, it is the Department's intention to send out necessary salvage equipment, including deep sea diving apparatus as well as expert deep sea divers to accomplish the purpose."

COAST SEASON OPENS

LOS ANGELES, Mar. 30.—Portland won the opening game in the Pacific Coast league, defeating Los Angeles 3 to 1 in a fast contest. It was the only game played, rain preventing the Oakland-San Francisco game at the Exposition City. Snow at Salt Lake, kept Venice and Salt Lake indoors.

lack of necessary appliances, it is the Department's intention to send out necessary salvage equipment, including deep sea diving apparatus as well as expert deep sea divers to accomplish the purpose."

COMMITTEES REPRESENTING FRATERNAL ORGANIZATIONS OF THE WARREN DISTRICT, INTERESTED, RELEASE PROPOSED PLAN

Articles of Incorporation for the Auditorium Building Association, With Application for Permit to Sell Stock, to Be Sent to the Arizona Corporation Commission Today; Stock Should Be on Sale in a Week or Ten Days

Option on Property, Now Owned by Robert Hennessy, Will Be Taken up at Once; A Subscription of \$50,000 in Ninety Days Will Mean That Bisbee and the Warren District Will Have Best Theatre in the Southwest.

On the invitation of the committee in charge of the project, a representative of the Review, last night, was given the first authorized statement and perfected plans of the O. K. building project. At this time the committee feels that publicity will aid instead of detract from the project.

Work on a modern auditorium, to cost in the neighborhood of \$75,000, constructed in the latest model and of the best fire-proof material, appears assured for the Warren District. The committee, representing the Fraternal Order of Eagles, the Knights of Pythias and the Improved Order of Red Men, took action last night which seems to put the construction of the building into a certainty.

The building is to be located on the O. K. block site. The property is now owned by Robert Hennessy and today an agreement will be signed by the officers of the temporary association binding the option for ninety days. At that time another payment will be made on the actual ground and the deeds will be transferred to the Auditorium Building Association.

The proposal to erect a modern theatre, and lodge hall structure, and to combine, with the two features, a part of the structure which will make a substantial return on the investment, has been contemplated for some weeks. The three lodges have fathered the idea and it is to their credit that the proposition has practically gone through. The option payment, which will be made at once, has been put up by the three lodges concerned in the matter.

The building will be financed by the people of Bisbee. The corporation, which will handle the matter, is to be called the Auditorium Building Association and it is to be capitalized at \$100,000, divided into 100,000 shares, the par value of which is to be \$1. This stock will be placed upon the market as soon as the corporation commission of the state acts on the application for incorporation papers and the application for a permit to sell stock in the enterprise.

The plan for the sale of the stock is simple and will be effective. The banks of the District will have subscription lists. Attached to each list will be a copy of the subscription agreement, and the articles of incorporation. It is provided that the stock may be subscribed for on actual cash payment or upon the installment plan.

According to the subscription agreement, each subscriber is guaranteed that, in case the project is not carried to a completion at the termination of the ninety day period, each and every cent subscribed will be returned. The three lodges, in such case, agree to bear all of the promotion expenses.

E. J. Flanagan, the attorney for the committee, presented, at last night's meeting, a tentative draft of the articles of incorporation. He also presented the subscribers' agreement, which must be signed when stock is agreed to be taken. The attorney stated, after both had been reviewed, that he would have the articles ready for signature this afternoon and would send them to the corporation commission. With prompt action, on the commission's part, the papers should be in Bisbee within a week, and immediate steps will be taken to place the stock upon the local market.

The building of the auditorium contemplates the erection of a block, the need of which has been long felt in the Warren District. According to the tentative plans of the organization, the entrance will include a fully foot space, from the corner of the building now occupied by the Mines Store, thence east. The east line of the property will swing in a north-easterly direction giving a seventy-five foot width for the front of the stage, and a depth of approximately thirty-two feet for the stage.

The contemplated seating capacity will hinge upon several contingent factors yet to be determined. As now understood the capacity will be in the neighborhood of 1,500, including the balcony. The stage will have a large loft and will accommodate any scenery which is liable of transportation. There will be two entrances on the theatre proper. Two will be located in front, one in the side along one Allen, one in the same thoroughfare, from the west side of the stage, and the other on O. K. street.

TEST RACING BILL

LITTLE ROCK, Mar. 29.—A suit to test the bill localizing horse racing and parimutuel betting in the larger Arkansas cities, and passed by the last legislature, was filed in the circuit court, U. S. Senator James P. Clark represents interests attacking the validity of Governor George Hayes veto. The hearing was set for April 6.
